Analysis of RL Algorithms for a Simulated Hill Climb Racing Agent

July 28, 2025

1. Introduction
2. Environment
3. Deep Q-Network
4. Expected SARSA
5. Proximal Policy Optimization
6. Results

1 Introduction

2 Environment

3 Deep Q-Network

4 Expected SARSA

5 Proximal Policy Optimization

6 Results

1 Introduction

2 Environment

3 Deep Q-Network

4 Expected SARSA

5 Proximal Policy Optimization

6 Results

1 Introduction

2 Environment

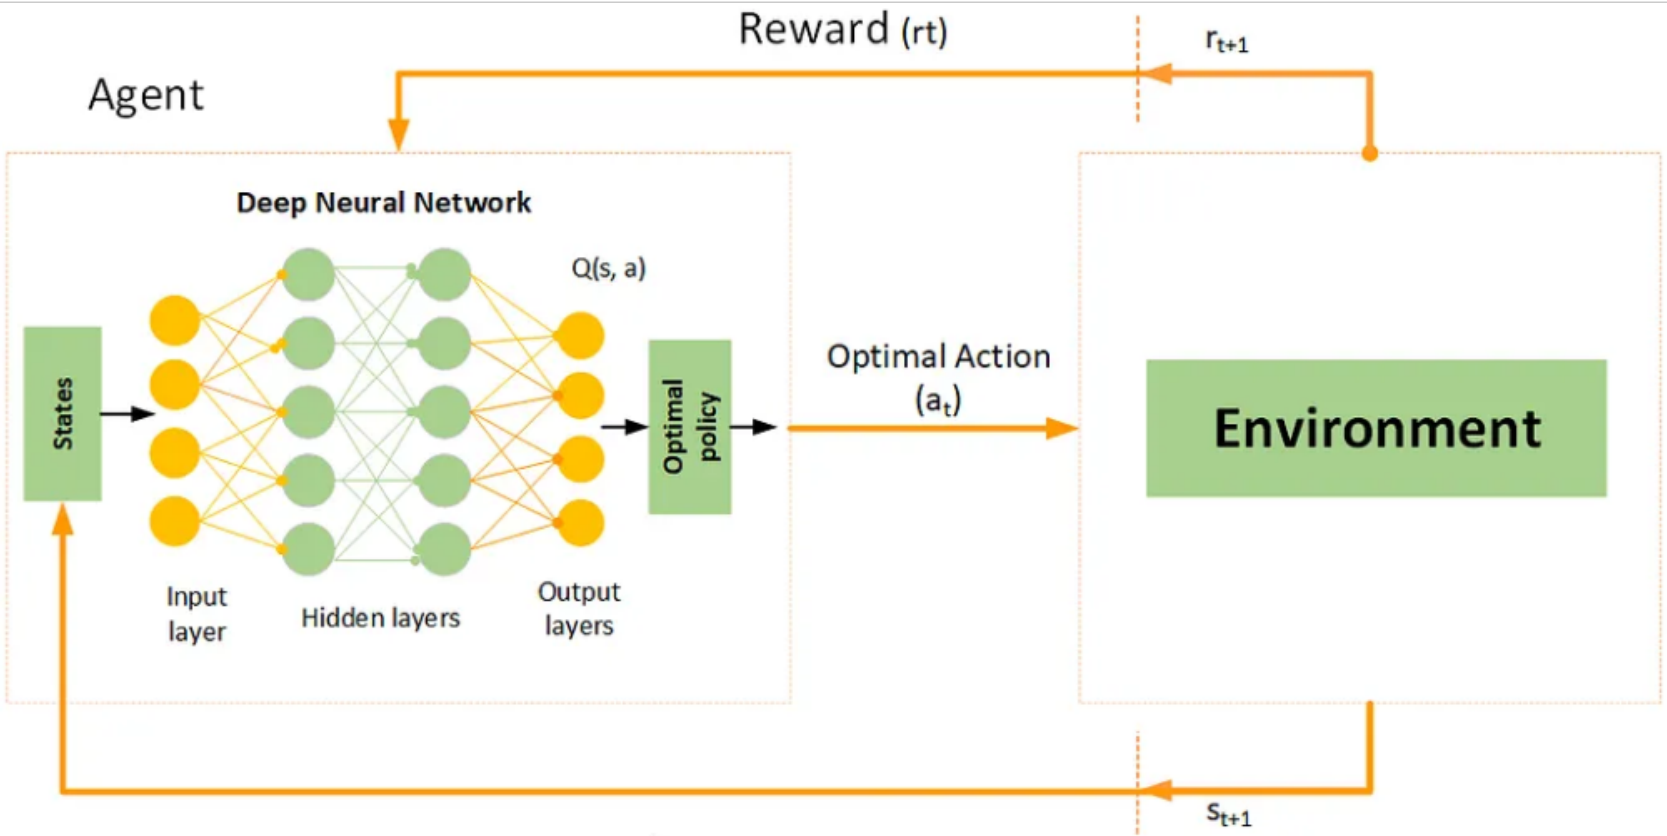
3 Deep Q-Network

4 Expected SARSA

5 Proximal Policy Optimization

6 Results

DQN Algorithm



1 Introduction

2 Environment

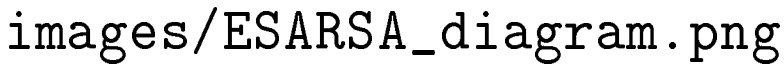
3 Deep Q-Network

4 Expected SARSA

5 Proximal Policy Optimization

6 Results

Exprected SARSA Algorithm



1 Introduction

2 Environment

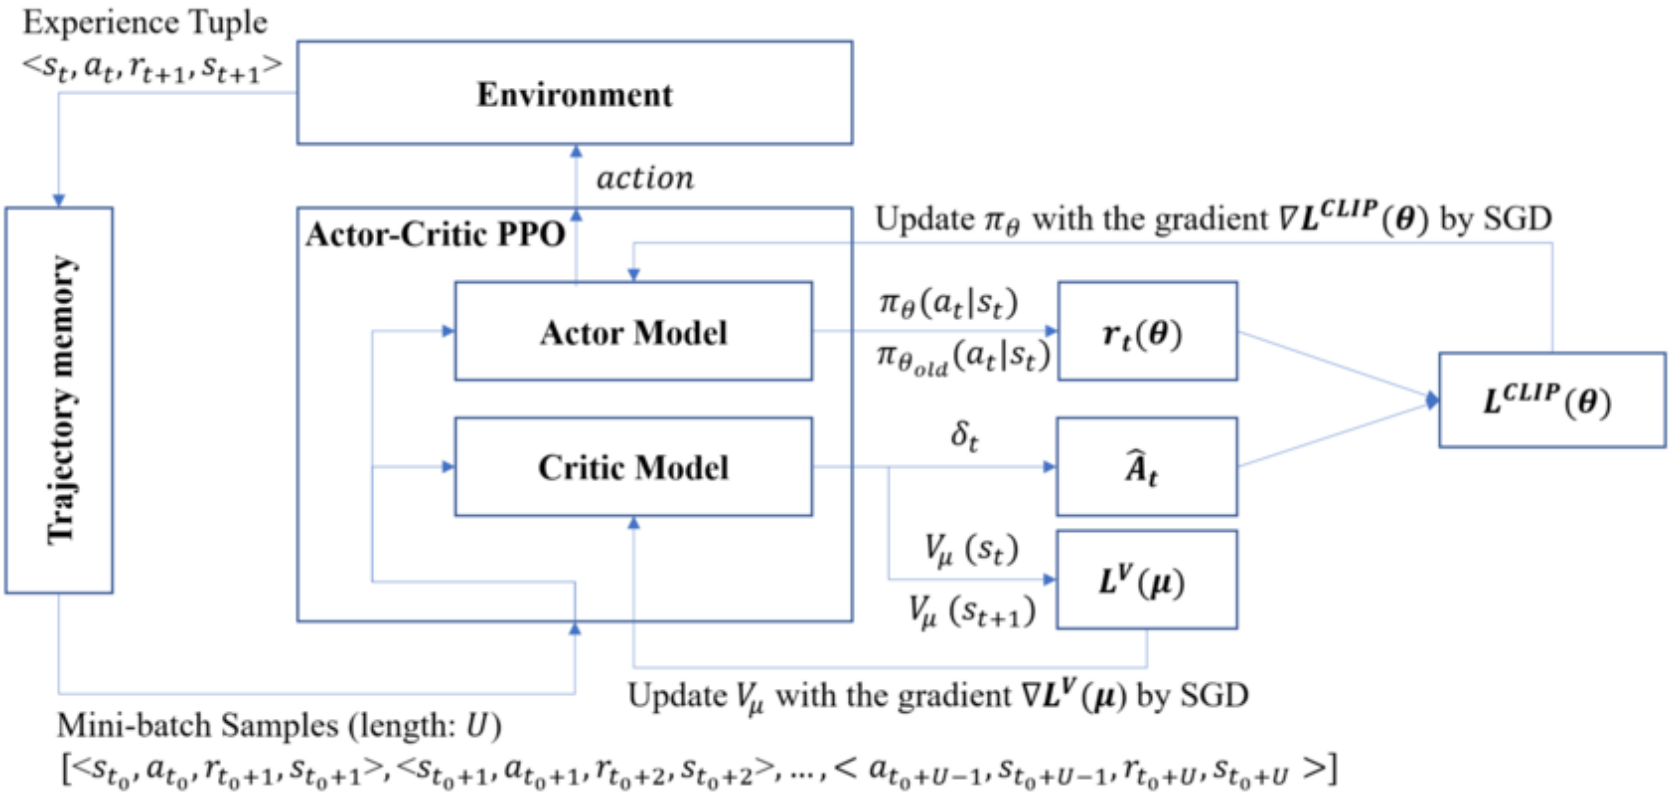
3 Deep Q-Network

4 Expected SARSA

5 Proximal Policy Optimization

6 Results

PPO Algorithm



1 Introduction

2 Environment

3 Deep Q-Network

4 Expected SARSA

5 Proximal Policy Optimization

6 Results

Thank you!
